

he day preceding the assemblage of the skupchina or during its session are strictly prohibited.

Mingled with the general satisfaction felt at the success of the coup d'état there is some sense of depression and anxiety at the possibility of foreign intervention.

#### POWERS ACQUIESCE.

No Indication to Mix in the Serbian Revolution.

St. Petersburg, June 13.—In official circles here it is said that none of the powers is inclined to raise difficulties in recognizing the sovereignty of the parliament in the matter of an election. A note giving the views of the government follows:

"The tragic events at Belgrade have caused profound emotion in Russia, where there is the keenest interest in everything affecting the destinies of the Serbian people. All the blood that has been shed can only awaken in Russia a feeling of compassion which in the present instance is increased by the fact that the king and queen of a friendly state have fallen victims of a violent death, and that the Obrenovitch dynasty, so closely bound up in the history of Serbia, is now extinct. The most fervent desire prevails in Russia that Serbia, after this fearful crisis, may be able to pursue peacefully the course of her national life in the direction which the patriotism of the people and a proper conception of their supreme interests will indicate."

#### UNDER THE BAN.

Civilization Cannot Tolerate the King's Murderers.

London, June 13.—A special from Rome says a semi-official note published there declares that whoever is made the king of Serbia, the powers will exact the punishment of the murderers of King Alexander and Queen Draga, as civilized countries cannot tolerate that administrative and military positions in any country should be occupied by assassins.

A special dispatch from Belgrade says the draft of a bill, with marginal notes, written by the late King Alexander, has been found in the palace. It provided for the proclamation of Queen Draga's brother as heir to the throne. This, the dispatch adds, is held by the conspirators to be complete justification for their action.

#### Peter Is Anxious.

Rome, June 13.—Prince Karageorgievitch has written an autograph letter to King Victor Emmanuel. Its contents are not generally known, but it is supposed that Prince Peter is anxious to his accession to the throne and asks what attitude Italy will take. The foreign office here denies that an agreement has been reached among the powers concerning Serbia.

#### No Truth in Report.

Paris, June 13.—The foreign office here today received dispatches from the French minister at Belgrade saying that the city and country are quiet and that the Serbian officials have been established, and that there is no truth in the reports that a portion of the Serbian army is marching to attack Belgrade.

#### DEATH OF A PIONEER

Peter Ahlstrom of Sanpete Passes Away After an Illness of Eight Years.

Peter Ahlstrom, one of the pioneers of Sanpete county, passed away Saturday evening at his home in Mant.

Peter Ahlstrom.

The deceased has been an invalid for the past four years, never having recovered from a stroke of paralysis which attacked him about eight years ago.

Mr. Ahlstrom was a native of Stockholm, Sweden, and emigrated to Utah in 1852. During the same year he settled at Ephraim, Sanpete county, being one of the first settlers in that part of the state.

The trip from Council Bluffs to Salt Lake made by ox team. Mr. Ahlstrom and his wife walking the entire distance and carrying their firstborn child in their arms. The child is John Ahlstrom, one of the county commissioners of Garfield county.

The deceased was a carpenter by trade and erected many of the public buildings of Sanpete and Sevier counties. He was foreman of the carpenters on the Mant temple and worked on that building from start to finish. He leaves a large family of children. John, Ole, James and Frank reside at Ephraim, Utah, and were the founders of the town. Among his daughters are Mrs. J. G. Weaver of Salt Lake City and Mrs. Parley Nelson of Monroe, Sevier county. The funeral will take place at Mant Tuesday afternoon.

#### VERY LARGE FRUIT DISPLAY

Horticultural Society Preparing to Exhibit at St. Louis.

At the meeting yesterday afternoon of the Salt Lake County Horticultural society Messrs. Elliott and Walk were appointed a committee to wait upon the state board of horticulture in reference to offering the co-operation of the county board in making a fruit exhibit at the St. Louis exposition next year. J. A. Wright, secretary of the state board of horticulture, spoke upon the subject of fruit tree thinning. He contended that stone fruits require phosphates and potash, which are not found in the soil in this section of the state. In the absence of the commercial fertilizer he said, all horticulturists should thin their trees so as not to take the strength of the tree and cause an abnormally large pit. By thinning the trees they do not rob each other of the fruit-making qualities to be found in the ground, and thereby insure normal fruit with pits of the regular size.

#### WEDS DAUGHTER OF FORMER WIFE AND BRIDE BECOMES HER OWN STEPMOTHER

A marriage ceremony which was performed in this city on Thursday evening is interesting from the fact that it disturbs the relationships of the contracting parties in a somewhat unique manner. The parties who have entered upon the Utopian voyage of matrimony are John Starling, the florist, and Miss May McAdams. The latter was until the marriage license was issued known by the name of her stepfather, who is now her husband.

When Mr. Starling met his first wife she had been a widow several years. Her daughter May was then a child of about eight summers. Two years ago the mother died, and the attachment between husband and wife seems to have been transferred to the daughter, who has grown into beautiful womanhood. After the death of the mother the daughter took care of the house for her stepfather, who is a good looking man of perhaps 40.

Naturally much interest has been attracted to the marriage ceremony, which is being held at the home of the bride's mother, Mrs. J. A. Wright. The bride is now her own stepmother. Her husband is also her stepfather.

Mr. Starling was seen yesterday at his picturesque home at the corner of K and Fifth streets, in the northeastern part of the city. He was disinclined to talk about the ceremony. He said he did not want any publicity in the matter.

"We were both free to marry," he said, "and we are both old enough to know our own minds." The couple, who appear to be very happy, have one of the prettiest homes in that section of the city.

#### ALLEGED BRUTAL TREATMENT BY OFFICERS CAUSE OF JOHN D. MARION'S INSANITY

John D. Marion was adjudged insane at the hearing accorded him yesterday before County Physician T. G. Odell and Assistant County Physician T. G. Odell and Dr. C. Young. They found the man to be suffering from melancholia and ordered him sent to the mental hospital at Provo.

Marion was inmate of the state penitentiary. He was sent there last September by Judge Johnson after having been convicted of stealing horses. He was made by ox team.
